Their Majesties the Emperor and Empress visited a space communication related facility.

Their Majesties the Emperor and Empress visited NICT Kashima Space Communications Center after attending the national planting festival held at Suigou Prefectural Forest in Itako City.

Mr. Asou, Minister of MIC, and Dr. Nagao, president of NICT, guided Their Majesties to the Space communication exhibition facility at the center. Their Majesties made an inspection of Space technology related displays such as Helicopter SatCom terminal, S-band Satellite handy terminals for ETS-VIII experiment and e-VLBI technology,

Satellite handy terminals for ETS-VIII

Her Majesty made a question on the possibilities to use the terminal in disaster occasion and satisfied with the positive answer from a researcher.

E-VLBI technology

His Majesty asked how the west coast of the American continent is moving and Her Majesty asked about radio stars' discovery. Their Majesties were hearing the explanation made by a researcher
